### **Members of Mars Hill Church,**

This report is given to you from the Board of Elders with permission from the Board of Overseers.\* These two boards are working together for the good of Mars Hill Church.

Below are the findings and recommendations from the Board of Elders and our investigation into the charges against Pastor Mark Driscoll. Though Mark has resigned from his role of pastor and elder we believe these findings should be explained to the people Jesus has entrusted to us. In this matter we stand before God, Christ Jesus and the elect angels (1 Timothy 5:21) to give an account.

### **Summary of BoE Findings**

Proverbs 27:6 "Faithful are the wounds of a friend."

1 Timothy 5:19-20 says, "Do not admit a charge against an elder except on the evidence of two or three witnesses. As for those who persist in sin, rebuke them in the presence of all, so that the rest may stand in fear."

We conducted an examination of the charges against Mark by interviewing more than 40 eyewitnesses and Mark himself. The charges below we find to be true are supported by testimony of those currently close to Mark, and was not limited to the former staff and elders who signed the formal charges. Based on eyewitness testimony and our own direct experiences we find the following allegations of sin in Mark to be true:

- Quick-tempered, including harsh speech
- Arrogant
- Domineering in his leadership of the elders and staff

While no members of the Board of Elders expect Mark Driscoll to be perfect, the scriptures hold those who serve in the office of elder to a high standard of character and godliness. Throughout the history of Mars Hill Church, Mark has demonstrated these patterns of sin. Former elders have shared their concerns on this with Mark privately, and friends and advisors outside the church have shared this feedback with him as well. On many occasions Mark has acknowledged these sins himself. Sadly we see Mark continuing in these patterns to the present day.

It is with a heavy heart that we believe the church should follow 1 Timothy 5:20 which says that an elder persisting in sin should be rebuked before the body. It is our prayer that through the church following scripture, and the work of the Holy Spirit, Mark can more clearly see his sin, repent and be reconciled with those whom he has sinned against.

### **Recommendations**

It was our recommendation to the Board of Overseers that Mark be rebuked for his sin and a restoration process be developed to shepherd Mark towards godliness. This process would have involved:

- Removal from eldership and all church leadership for reflection, repentance, and healing
- Repentance and reconciliation with those who have been sinned against
- A team of pastors and counselors inside and outside of Mars Hill that would care for Mark throughout the process

Loving restoration of Mark to ministry and leadership when the above pastors unanimously agree that Mark is in a place of repentance and godliness

All of the members of this board love Mark Driscoll deeply. We hoped to see him restored and are grieved that Mark chose to leave before we were able to walk alongside him through this process.

### **Repentance as Leaders**

As we walked through this investigation the Holy Spirit impressed upon us that we too have been sinful and that He is calling us to confession and repentance of our own sins. Before God we confess: we are guilty of arrogance, being quick-tempered, we have led in a domineering manner.

It is our hope to lovingly lead the church in a season of reflection, confession, and repentance. May the love of Jesus Christ we show towards one another and his redemption of our brokenness be what Mars Hill Church is known for in the future. Glory be to Jesus Christ!
